To whom it may concern,

In June of 2005 Michael Cox of 'Cabinets Plus of Muskoka' consulted with my wife and I regarding the installation of kitchen cabinets and cupboards in our cottage renovation.

Mike and Tim were superb. Their advice made our selection easy. The entire suite was crafted and installed quickly and efficiently at a reasonable price. Moreover it was a pleasure to have Mike and Tim in our cottage.

We would highly recommend their expertise to anyone considering kitchen renovation.

Yours Sincerely,

David McKee
